FISH FOR FAIR ARE KAUAI PAMPHLET NOW BEING CAUGHT NOW IS ON HAND

Tanks Are Ready And Promotion Committee Finay Ones Soon Adds To Its Fine Will Start Series

The fish exhibit for the Alaska-Yukon Exposition is now being made up. The tanks, in which the finny ones will be transported across the water, have undergone their period of submergence and are now being stocked with multi-colored denizens of the deep.

Before it was considered wise to put fish in them, the iron tanks were submerged for several days, that all substances which might prove injurious to the fish should be destroyed. The tanks are now in good shape, however, and are being filled just as fast as the desired specimens can be secured.

The tanks are so arranged that a perpetual stream of fresh salt water can be pumped through. They will be set up on the ship which carries them to the mainland, so that a stream of water, of nearly the same temperature as that of the island seas, will be kept flowing steadily.

FAVORS TARIFF BUREAU

Washington, March 31.—President Taft today declared himself in favor of a tariff bureau to be created at this session of Congress. He believes that such a bureau would be of great assistance in the application of the maximum and minimum principle of the Payne bill. The President's announcement was made to the executive committee of the committee of one hundred created by the national tariff convention recently held in Indianapolis. This committee, headed by H. E. Miles, chairman, called at the White House today to lay before the President the tariff views of the convention and to recommend a permanent tariff committee.

The Promotion Committee has added another excellent folder to its Island series. The latest issue is descriptive of the beauties and attractions of Kauai, and is being issued for the first time today.

The folder gives a brief description of the chief points of interest on the northern island, gives the names of hotels and boarding houses, as well as livery stables, and publishes a tariff of both. An excellent map, showing not only the towns, bays, mountains, and valleys, but also the chief roads through the mountain fastnesses of the island, forms a feature of the folder.

A table, showing the distances from Honolulu to the principal ports of Kauai, and another showing the distances overland from Nawiliwili to the various points of interest on the island is not the least useful of the features of the leaflet.

Leads in Pool Match.—Chicago, Apr. 2.—Charles Weston took the lead in the four night pool match for the championship of the world with Thos. Houston tonight. The total score now stands: Weston 607, Houston 588. In tonight's block Weston scored 218 to Houston's 183.

Strike in Connecticut Cotton Mills.—Plainville, Conn., April 2.—About 300 employees of the Lawton cotton mills are on strike today, supporting the refusal of the ring spinners to comply with an order from the company requiring them to clean the machines on which they work.

Liquor Bill Killed.—St. Paul, March 23.—In the house today the bill prohibiting the manufacture or sale of intoxicating liquors was killed. The anti-trading bill was also killed.

LIGHT AFTERNOON IN LOWER HOUSE

Two Measures Passed;
Members Have Their
Pictures Taken

HOUSE.

Forty-third Day—Afternoon Session. Little work of consequence was done in the House yesterday afternoon, the session lasting only an hour. One Senate bill and a Senate Joint Resolution passed third reading, and a number of new bills were introduced. The Agricultural Committee frowned on the bills to exempt from taxation tobacco land and land used for the production of sisal, castor oil, copra, vanilla extract, Hawaiian starch, pineapples, arrowroot, and kawsawa.

A photographer was on hand and took a picture of the House in session soon after the noon recess.

Nearly all the members and officers of the House, in view of the fact that they were going to attend the reception on board the Japanese cruiser, sent notes to Private Secretary and Veto Bearer Claudius McBride, asking the loan of his silk hat and official long-tailed coat for the occasion. McBride, however, wore them himself.

Senate Bill 93, Kalama, providing that "when a judgment which is a lien under this section is fully paid, the creditor shall, at the expense of the debtor, execute and acknowledge a release, signed by said creditor, or by his attorney of record in the suit, and said release may be recorded in the judgment book in said entry," passed third reading.

The House adopted on third reading Senate Joint Resolution 2, which provides for the appointment of a commission to investigate and report upon unawarded and unpatented lands.

Supervisors' Resolution.

A communication from Clerk Ka-lauokalani of the City and County of Honolulu, was read, transmitting to the House the resolution adopted last Tuesday by the Board of Supervisors that the Legislature be requested to appoint a joint committee to consider the advisability and ways and means of having the Territory transfer to the City and County of Honolulu the present postoffice property when the latter is surrendered by the Federal government. The idea is to use the building as a Municipal building.

The resolution was referred to the Public Lands Committee.

Assault and Battery.

Douthitt introduced a bill providing that "whoever inflicts a corporal injury upon another as by striking him with his fists, spitting in his face, inciting and causing a dog to bite him, or any injury of a like gravity, however slight, is guilty of an assault and battery, and shall be punished by a fine of not more than \$100, or by imprisonment not more than one year, in the discretion of the court."

Loan Appropriation Bill.

A bill was introduced by Carley, making special appropriations totaling \$350,000 out of a proposed Loan Fund. The proposed appropriations are as follows:

Kula pipe line, \$100,000; Honolulu wharf and harbor improvements, \$100,000; alterations, repairs and furniture, Judiciary building, \$75,000; Kapiolani Girls' Home, \$15,000; Boys' Industrial School, \$12,000; addition to Normal school, \$8,000; armory, \$40,000.

Section 2 provides that any of the above appropriations may be paid out of the general revenues of the Territory in the discretion of the Governor.

Rice presented a bill to provide for the payment of the expenses of the district courts of the several counties. The measure provides that the salaries of the various district court officers shall be paid by the counties, and fixes the salaries as follows:

Honolulu, first magistrate, \$200 a month; second magistrate, \$200 a year; clerks, Honolulu, first \$110 a month, second \$85; interpreters, \$120 a month for all; Ewa, \$100; Wai-anae, \$40; Wai-anae, \$75; Koolauloa, \$50; Koolau-poko, \$50; Lahaina, \$90; Wailuku, \$100; Makawao at Honouliuli, \$25; Makawao, \$85; Hana, \$50; Kipahulu, \$30; Molokai, \$40; Lanai, \$20; Kalaupapa, \$20; North Kohala, \$70; South Kohala, \$50; North Kona, \$60; South Kona, \$50; Kau, \$80; clerk and interpreter, South Hilo, \$100; District magis-

Reuter Wins For Oakland

STATE LEAGUE STANDING

	W.	L.	Pct.
Stockton	5	0	1.000
Oakland	0	1	0.000
Santa Cruz	1	2	.333
San Francisco	1	3	.250
San Jose	0	2	.000
Fresno	0	5	.000

The principal item of interest at yesterday's State League game in Oakland was the first appearance of Dick Reuter, the much-heralded pitcher from Hawaii, who was kidnapped by Moreing while on his way from the isles of the southern sea to the town of Pueblo, where the club of that altitudinous village is still

DICK REUTER

waiting for its coral island slabster. Reuter can pitch. There is no doubt about that, but his method is too varied. Most of the time he heaves the ball as if the plate was six feet wide and the catchers have to use their extension arms to keep the ball from indenting the front of the grand stand. Occasionally the center of the six-foot area gets its turn and strikeouts are liberally mixed up with passes to first. Reuter got away with his game by a score of 6 to 5, and he had to keep busy all the way as Johnny Hopkins kept close to him in the record of strikeouts and walks.

Santa Cruz started off like sure-enough winners. One run in the first and three in the third looked big, but the Oaklanders came through with enough to tie up in the fourth and when the invaders took two more in the sixth no one figured that the beachcombers could win. And so it proved, for the one run that came in the seventh only brought them that much nearer the coveted honor of beating the League leaders, without resulting in anything tangible.

No Tax Exemption.

The Agricultural Committee reported adversely upon Senate Bill 122, to exempt from taxation the lands devoted to the cultivation and production of sisal, castor oil, copra, manila extract, Hawaiian starch, pineapples, arrowroot and manioc starch. In its report the committee said that every encouragement should be given to these industries, and this result could not be accomplished by the passage of this bill. The bill was tabled. The same fate met House Bill 110, to exempt tobacco land from taxation.

The Educational Committee reported favorably on Cohen's Bill, H. B. 127, to establish a school savings bank.

A Real Sale

THE CLOSING-OUT SALE we are now conducting is the most successful in the history of our mercantile business. More sales were made, and more cash taken in by our sales force on Monday than on the day before Christmas last year. It was a record day

Ladies Recognize the Value

of our offerings and are quick to take advantage of them. The sale is genuine, bona fide, legitimate. It will continue until every article advertised is sold. The old style of renewing stock as the sale advances will not be practiced here; we are selling out, not buying in.

Embroidery

All that the most exacting taste could demand.

Laces

from every part of the world where lace is constructed.

Notions

all that the term implies, from thimbles to back combs and everything between.
